TREX is pleased to host a workshop on multi-exit BGP together with sponsors **Juniper Networks**<sup>1</sup> and **Cisco Systems**<sup>2</sup>. The workshop will be held on Thursday, February 12th 2009 at the **Hermia1 Auditorium**<sup>3</sup> in Tampere from 12:00 to 17:00 and will continue in the Hermia 1 Sauna until 04:00. The workshop will be of value to anyone interested in arranging multiple peering or transit locations in their network, and anyone interested in peering at **TREX Tampere Region Exchange**<sup>4</sup>.

Multi-exit BGP refers to the case where two operators have multiple interconnections in different places, such as on internet exchanges in different cities. Adopting this practise often warrants a rethinking of traffic engineering and peering policies.

## **Registration**

The workshop is free to all invited and preregistered parties. Snacks and beverages will be provided. Registration for the seminar has closed.

## **Parking**

You will get parking permits from the lobby. The parking permits should be placed on the windshield of your car.

## **Accomodation**

**Hotel Hermica**<sup>5</sup> is located within just 5 minutes walking distance from the seminar location. Overnight workshop participants are urged to try

<sup>1</sup> <http://www.juniper.fi/>

<sup>2</sup> <http://www.cisco.fi/>

<sup>3</sup> <http://www.hermia.fi/yhteystiedot/sijainti/>

<sup>4</sup> <http://www.trex.fi/>

<sup>5</sup> <http://www.hermica.fi/>

to reserve a room there.
