Current members and the public services they connect to:

The Legend:

- X Takes fully part
- 4 Takes part in IPv4
- 6 Takes part in IPv6
- P Acts as a provider
- C Acts as a customer
- R Connects remotely
- N Not connected
- Q# Connection pending

| Name                      | AS     | Speed | Unicast | MLPA RS | Reseller |
|---------------------------|--------|-------|---------|---------|----------|
| <b>MMD Networks</b>       | 29243  | 2G    | X       | X       |          |
| <b>Elisa/Saunalahti</b>   | 6667   | 1G    | X       |         | P        |
| <b>Elisa</b>              | 719    | 10G   | X       | 6       |          |
| <b>CSC / Funet</b>        | 1741   | 10G   | X       | X       | P        |
| <b>FNE Finland</b>        | 47605  | 20G   | 4       | 4       | P        |
| <b>Moment Digital</b>     | 35382  | 1G    | X       | X       |          |
| <b>Seclan</b>             | 39242  | 1G    | X       | X       |          |
| <b>Planeetta Internet</b> | 58003  | R     | X       | X       | C        |
| <b>SuomiCom ISP</b>       | 16302  | 10G   | X       | X       | P        |
| <b>Cinia</b>              | 20904  | R     | X       |         | C        |
| <b>GlobalConnect</b>      | 12552  | 10G   | X       | X       |          |
| <b>Telia Finland</b>      | 1759   | 10G   | X       |         |          |
| <b>NORDUNet</b>           | 2603   | R     | X       |         | C        |
| <b>S1 Networks</b>        | 199508 | 10G   | X       | X       |          |
| <b>Web1</b>               | 207003 | 1G    | X       | X       |          |
| <b>Lounea</b>             | 39699  | 20G   | X       | X       |          |

The table is sorted in the order of connecting. Members who have been connected since the beginning of the exchange point are at the beginning of the list and the most recently connected members are at the end of the list.

 **Anycast Service List**

Current anycast services that have their own **AS** numbers:

| <b>Name</b>           | <b>AS</b> | <b>Speed</b> | <b>Unicast</b> | <b>MLPA RS</b> |
|-----------------------|-----------|--------------|----------------|----------------|
| <b>TREX Services</b>  | 29432     | 2G           | X              | X              |
| <b>CommunityDNS</b>   | 42909     | 1G           | X              | X              |
| <b>PCH Production</b> | 42        | 1G           | X              | X              |
| <b>PCH Research</b>   | 3856      | 1G           | X              | X              |
| <b>AS112.net</b>      | 112       | 1G           | X              | X              |
| <b>ICANN L-Root</b>   | 20144     | 1G           |                | X              |
| <b>RcodeZero</b>      | 1921      | 1G           | X              | X              |
