Some services are covered by the monthly membership fee. The basic membership fee also covers two (2) switch ports. The ports can be Gigabit Ethernet (SFP) or Ten Gigabit Ethernet (SFP+) ports. Fibre cross connects to Hallituskatu 14 for these first ports are also included in the basic membership.

Our policy is that the member chooses the SFP/SFP+ modules that they are going to need. They can bring their own module, or they can lease or buy modules from TREX. Contact us for information about which modules are interoperable with the TREX switch fabric.

The following table lists the fees for the services. All prices are in Euros and the Finnish VAT (23%) is not included in the prices.

Basic Membership:

Service	Price	Comments
Joining fee	1000€	each
Membership fee	100€	per month
First two SFP/SFP+ slots	-	Mandatory included in membership
