 - Mtv3.fi
 - Luukku.com
 - Kauppalehti.fi
 - Etuovi.com
- Using virtualization in network infrastructure and server infrastructure
- One core strength: centrally managed RHEL environment

Traffic characteristics

Traffic for one week

Traffic for one day

Peering with Cybercom

We are:

- Interested in peering in TREN
- Member in RIPE

We plan to:

- Select two operator partners (AS requirement)
- Apply for an AS number to Tampere data center
- Look for a provider for a connection from our data center to TREN
- Be ready for peering arrangements Q2/2010
